

Chemical & Liquid

Abrasion Protection

Heat

High Chemical Protection

Low Chemical Protection

High quality CE certified chemical resistance PVC coating glove.

Medium Duty

- Workers exposed to oil, grease, acid, caustics and alcohol require reliable protection to keep their hands safe.
- A rough finish protects against abrasions while offering excellent grip, even in wet and oily conditions.
- The flexibility and comfort of EDGE gloves lead to less hand fatigue and better worker efficiency.

Industries

- Oil and gas
- Chemical
- Manufacturing
- Infrastructure Maintenance
- Utilities

Applications

- Chemical processing and preparation
- Handling dry, wet or oily large objects
- Maintenance of plant and machines

Key Features

- The EDGE range offers a greater flexibility, when compared to other models in its category
- The largest cost-effectiveness ratio to date in a PVC glove
- Combines an excellent protection against several chemical products with mechanical resistance
- Non-slip finish on the palm, fingers and back of hand, for a better grip on wet objects
- Also protects against biological agents

Performance Standards & Regulatory Compliance

REACH Compliant
